Education

Graphic Era University, Dehradun

B.Tech in Computer Science and Engineering (Artificial Intelligence & Machine Learning)

2024 - Present

8.76/10 CGPA

Academic Details

Graphic Era University, Dehradun

B.Tech in Computer Science and Engineering (Artificial Intelligence & Machine Learning)

2024 - Present

8.76/10 CGPA

Class X (ICSE)

St. Joseph's Academy, Dehradun

2022

Percentage: 96%

Class XII (ISC)

St. Joseph's Academy, Dehradun

2024

Percentage: 87.5%

Projects

• Online Code Compiler | AWS EC2, Supabase

- * Built a scalable **web-based code execution platform** enabling users to write and run programs directly in the browser.
- * **Collaborated in a team project** to implement backend logic for secure code compilation and real-time output streaming.
- * Deployed the system on **AWS EC2 with Supabase integration** for scalable cloud-based execution and persistent storage.

Mini Git – Version Control & Search System | Data Structures & Algorithms

- * Developed a **Git-inspired lightweight version control system** to track file revisions and manage project versions.
- * **Built as part of a team project**, implementing efficient indexing and search mechanisms using core data structures.
- * Utilized **hashing and optimized lookup techniques** for fast retrieval of stored file versions.

Employee Payroll Management System | Java, OOP

- * Built a **Java-based payroll management system** to automate employee salary calculations and record management.
- * Implemented modules for **employee data management, payroll computation, and authentication**.
- * Designed the system using **object-oriented principles** for a modular, extensible, and maintainable architecture.

Technical Skills

Languages: Python, Java, C

Backend: Flask, FastAPI

Frontend: HTML, CSS

Clouds & Databases: AWS EC2, Supabase, MySQL

Concepts: Data Structures & Algorithms, Object-Oriented Programming, REST APIs

Developer Tools: Postman, VS Code, GitHub,
